Can you feel it? This place, this space is really special.

Whether this is your first NDK or you've been coming for years, we welcome you with open arms. In this place, we want you to feel comfortable, happy, joyous, and safe. More than anything we do, we try to provide that kind of atmosphere for you and bring in people and activities who support that vision. You are the ones who make this place what it is, and we are glad to have each of you as part of this community. 2025 has been a whirlwind on all sides, and we are glad that we have all made it to the NDK weekend at last!

This year we are definitely feeling nostalgic. As we look back every year and think about how much has changed, and how many fantastic people we have met along the way, we always pause to be grateful for all of the experiences we have shared together.

For our 28th year, we are looking back and embracing all things retro. Check out this year's art collection: It is a compilation of what each of our artists remember as retro, as part of their experience growing up with anime and video games. You may spot a few of the things that make you go way back in the day.

To you, my beloved Staff and Board of Directors, I am as always honored to work with you all. I am constantly awed and humbled by the incredible group of people that love this show so very much. I am truly and profoundly grateful for all of the support, dedication, and commitment that they have shown this year. Each and every Staff member has made a huge

difference to NDK, and deserve a heartfelt thank you. It is the hearts of the NDK Staff that make this convention what it is.

Here's to many many more years of Friendship, Anime and Community.

— **Amanda Liebermann,**
Executive Director

NAN DESU KAN SOCIAL POLICIES

To support our attendees and ensure a safe and happy convention for everyone, we have created the following social policies. NDK has a single warning system for policy violations. If you break a rule, you will be spoken to about it, and your badge will be punched once. A second offense will lead to expulsion.

HARASSMENT

We have a zero-tolerance approach for any kinds of Harassment: Intentional physical, verbal and sexual harassment will result in permanent expulsion from the convention.

Verbal harassment includes derogatory terms, hate speech, and all manners of verbal abuse. Hate speech is legally defined as: *Speech that is intended to insult, offend, or intimidate a person because of some trait (such as race, religion, sexual orientation, national origin, veteran status or disability).* If you feel as if you've experienced harassment, please report it to the nearest NDK staff member immediately.

AGE RESTRICTIONS

While NDK strives to entertain attendees of all ages, the convention is mostly intended for those 13 years and over. We try to keep daytime programming acceptable for all ages, but there are many events that are intended for an older audience, such as AMVs, Burlesque and anything scheduled after 9 pm.

Children under the age of 13 must be supervised by a parent or legal guardian at all times. Guardians **maintain complete responsibility** for, liability for, and control over their children's actions and what they see at NDK.

HOTEL

Respect hotel staff and policies. If the hotel kicks you out for trashing your room or going into restricted/construction areas, you will be banned from NDK.

We share the hotel's common spaces with the rest of Gaylord's guests. Please be courteous to other guests of the hotel while you are in the Grand Lodge, the Pool, and other common areas.

Elevators: Do not jump in the elevators, and please be respectful of elevator capacity and your fellow occupants when riding.

THE TABLETOP GAMING DOJO

Welcome to the Dojo! A Dojo is a hall or space for immersive learning or meditation in the field of martial arts. The term literally means “place of the Way” in Japanese. Our Dojo is a place where you can engage in the study of and practice Tabletop Gaming-Do, or “the way of tabletop gaming”. Our Gaming Sensei and Senpai are there to help you.

Come to the tabletop gaming Dojo to indulge in our library of games, learn new games through the demos, classes, and scheduled play, partake in the gaming tournaments, or just to have space to play games or RPGs of your own. Our staff can help you select a game and help you get set up and learn the rules if you would like. We can also help you find players if needed. In addition to our scheduled events we will also have sign-up sheets available for other games, such as One-Shot RPGs and possible game demos, so be sure to drop by and check out our Announcement table.

Open gaming is also available and encouraged if you have your own game and just need a place to play, so if you are into Collectable Card Games like Pokemon, Magic the Gathering, Yugioh, etc... be sure to bring along a deck or two and you might be able to find some opponents to duel.

HOURS OF OPERATION

Friday: 7 pm – 3 am

Saturday: 9 am – 3 am

Sunday: 9 am – 3 pm

All Charity proceeds will go to benefit

spark

Sparking change and inspiring a movement of good through the power of volunteerism, service, and civic engagement.

FIASCO

FIASCO is an award-winning story-telling game inspired by cinematic tales of small-time capers gone disastrously wrong. You'll tell a story about ordinary people with powerful ambition and poor impulse control! Lives and reputations will be lost, painful wisdom will be gained, and if you are really lucky, you just might end up back where you started. You probably won't be lucky. This is a story driven game that will test your improv skills and your ability to act out scenes with other players.

ULTIMATE WEREWOLF

Ultimate Werewolf is an interactive game of deduction for two teams: Villagers and Werewolves. The Villagers don't know who the Werewolves are, and the Werewolves are trying to remain undiscovered while they slowly eliminate the Villagers one at a time. A Moderator (who isn't on a team) runs the game.

Ultimate Werewolf takes place over a series of game days and nights. Each day, the players discuss who among them is a Werewolf and vote out a player. Each night, the Werewolves choose a player to eliminate, while the Seer learns whether one player is a Werewolf or not. The game is over when either all the Villagers or all the Werewolves are eliminated.

KING-SIZED TOURNAMENT

Who will win this year's Dojo giant-sized tournament? Stop by the Dojo to learn how to play the game that will be featured Saturday night for the Dojo's King Sized Tournament. This year's game will be a surprise, so be sure to stop by Friday to see what it will be.

ONE-SHOT RPGS

There are a few one-shot **Dungeons and Dragons** games in the works including one modeled off of the anime Delicious in Dungeon. Also there may possibly be a Magical Girl One-shot. Day and Time are still to be determined.

ALL C'S COLLECTIBLES

All C's Collectibles will be partnering with the Dojo this year running tournaments. Please check in with the Dojo staff at NDK for the most updated

info: Magic the Gathering (Draft and Commander Pods), One Piece, Pokemon, Union Arena, YuGiOh

CROKINOLE

Crokinole is a traditional dexterity game played on a circular wooden board, with wooden circular disks as playing pieces. Every round each player takes turns shooting one of their 8 disks until all the have been used and then scoring is done at the end of the round.

Demos and a tournament are planned for Saturday. Time to be determined.

MAGIC THE GATHERING SPECIAL MYSTERY TOURNAMENT!

Last year Sensei Troy ran an unorthodox MtG tournament that went so well that he has decided to make it a yearly feature. Each time there will be something crazy that changes the game forcing players to adapt to the unexpected. This year the Mystery Tournament will be great for beginners and hopefully a fun challenge for experienced players. All you need to bring is your wits and something to track your life total. That's right. This will be a free tournament.

Check in with the Dojo for more details.

VIDEO GAMING

This year's Video Game Room will be just like every other year's room – and yet completely different. There will be several tracks of gaming all convention long featuring the PS4, Xbox One, and Switch 2 as well as pachinko, DDR, and general mayhem courtesy of the VGR Staff. We are also hosting BattleTech Pods! We've been trying to get these in the VGR for years and are looking forward to some immersive Mechcorps action!

CH, CH, CHANGES!

Welcome to Retro year at the NDK VGR! While we are running modern tournaments, we will have retro games in open gaming and some retro tournaments as well!

Also, please be aware that the MechPods are not free-to-play; \$7 for a single seven-minute long session, \$25 for a four pack of sessions, \$50 for a ten pack of sessions.

LOCATION, LOCATION, LOCATION!

We are part of NDK's Gaming Track, and are located just to the left/west of NDK Operations.

OPEN ALMOST ALL CONVENTION LONG ... WITH A CAVEAT

In the interest of our staffers' health, especially with our convention-wide commitment to mental health; if you aren't showing up, we're going to close for a few hours and make sure everyone gets some much needed rest.

CHARITY ARCADE

Every year, NDK raises money for charity and the VGR is involved. NDK is providing arcade machines with a variety of games to be played all weekend long including Galaga, Sinistar, Metal Slug, Samurai Shodown, and more! Come and play for a good cause!

PACHINKO FOR CHARITY

The Pachinko Thunder-Dome is here to stay! (I never thought I'd see that particular Godzilla cross-over, Castlevania presented in quite that way...) Our phenomenal showcase increased our

charity contribution to record amounts and we have you to thank for it. So give us your money for a cup full of balls and have at 'em!

NO TOURNAMENT SIGN-UP

If you want to join a tournament just come in when the tournament starts so we can check your badge, and you can collect a tournament token. Each token has a number and they are your ticket into the tournament! When you sit down to compete, you'll slot up your token right there, and if you get beaten, you lose it. If you win, that token is your proof

that you are still in the tournament. Keep track of it! And don't try trading it to your friends—even if we don't catch you, the rest of the participants will.

PRIZES

We are sponsoring our usual number of special prizes this year: Best Video Game Artwork, Best Video Game Model, Best Video Game Costume, Best Video Game AMV/Machinima, and Best Video Game Itachi Motor Show Entrant.

The winners get a Golden Joystick of their very own and some extra special prizes as well!

THE RULES

We've got some straightforward rules and regulations in the VGR and they're clearly posted everywhere. Let's go over them real quick, just to be sure:

1. Attendees can bring beverages into the VGR as long as they are in a closed-top container. It's summertime in Colorado, please engage in self-care and hydrate! We are specifying closed container as the risk of spills on the electronics is just too great. Please be on good behavior for this, as we will still ask you leave if you violate this rule or are leaning too hard on the line. Eating in the VGR is still forbidden unless you are a VGR staff member. Yes, we will eat right there in front of you because we don't get to leave.
2. Please help keep the VGR clean and sanitary. We have hand sanitizer, disinfectant wipes and trash cans. We do our best to keep things tidy, but we are not your maid.
3. No roughhousing. There are really no situations where body parts should be touching other body parts while in the VGR. The only real exception is when you shake the hand of the person who just crushed you at Smash Ultimate in Sudden Death, because you're a good sport.
4. Do not abuse any games, systems, peripherals, or staff members in the VGR. Seriously. Anyone damaging equipment intentionally will have an equivalent weight in body parts removed by the VGR Staff. You are not Pete Townshend; do not smash that guitar controller when you finish your set. Destruction of hotel or NDK property is an immediate ban from the convention.
5. No unattended children under 12. The VGR is funded primarily through the sales of unattended children to medical research facilities. But hey, maybe some of those researchers are actually mad scientists and have some experimental super soldier serum handy.
6. No outside games, or systems. This is due to Colorado State liability laws, not because we're jerks. No, we're not making an exception for you. Stop asking. Yes, we're talking to you. You know who you are; you ask every year.
7. You may bring your own controllers including joysticks for use in the VGR for Open Play and Tournaments. However, don't be a lowdown dirty cheater with them. If you cheat in open gaming you're just being a jerk. If you cheat in a tourney you're being a jerk that'll be kicked out of the tournament at the very least.
8. No stealing from us or your fellow attendees. A terrible curse is laid on those who steal from the VGR: all your saved games will be corrupted and lost, right after you get further in your game than you ever have before; all your achievements will be lost to the aether! Beware! Oh, and you'll get Ban-Hammered from the convention. And we may even have to notify The Law.
9. No whining. Please note that this rule does not say: no suggestions, no feedback, no requests or no opinions. Just No Whining.
10. Do not leave your personal belongings in the VGR. Not only are the VGR staff not responsible for your personal belongings, we refuse to take responsibility for them. If we find unattended items we will take them to the lost and found at Convention Operations.
11. No sleeping in the VGR. This is not your crash pad.

12. To play pachinko, just locate the staffer nearby, give them some money and play pachinko with your cup full of balls! All joking aside: DO NOT ATTEMPT TO OPERATE THE PACHINKO MACHINES BY STUFFING THEM WITH QUARTERS! The Ban-Hammer will be used to smite the offenders right off the premises. With luck, they may even see the curvature of the Earth.
13. Please do not change the settings on the games. We have the settings arranged to ensure that everyone can play, have a good match, then make way for the next round of attendees. Just because you and your friends enjoy a 100 Stock round of Smash doesn't mean the dozens of people behind you wants to be waiting around for the match to resolve. Keep that kind of play at home, please.
14. Unwanted affection is not okay and, in some cases, can be taken as harassment or assault. We at NDK want everyone to feel and be safe, and it is important for everyone to respect each other's personal space. If you feel as if you've experienced unwanted touching, hugging, or attention of any sort, please report it to the nearest NDK staff member immediately.
Do not hug, grab, kiss, or glomp anyone who does not want you to. If you are caught or reported as having done so, you may be banned from the convention. We take this very seriously, so do yourself a favor: ask first and make sure it's okay. If someone tells you that it's not okay then respect their wishes. "No" is a complete sentence. Verbal harassment will also not be tolerated. This includes derogatory terms, hate speech, and all manners of verbal abuse.

GOLDEN RULE OF THE VIDEO GAME ROOM: PASS THAT CONTROLLER!

The chairs in the VGR are set up in rudimentary lines, clearly indicating who's "got next." If you want to play a game, have a seat. As people finish, they move away and everyone moves forward. Sometimes a game is so popular that people stand in line behind the chairs – this is okay too. You know what the best part of this system is? You, the attendees, created it yourselves. You did it without any direction from VGR Staff. The Shogun & Bone Dragon couldn't be more proud of you. When you finish a game, check to see if someone is behind you waiting for it. If no one wants in, you're all good. If

someone wants to give it a try, pass it on. You'll be back in no time, because they have to pass when they're done too.

If someone isn't passing the controller, tell a VGR Staff member immediately. We are serious about enforcing this rule, but whining about it after the fact is fruitless. If we could travel through time, we wouldn't have to work for a living.

Addendum: this also includes the "winner passes"; or "loser passes" rules—those rules DO NOT apply in the VGR. If you win the match, pass the controller. If you lose the match, pass the controller.

EXHIBITORS HALL

Welcome to NDK's Exhibitors Hall! We are pleased to present a large selection of brand new vendors as well as returning favorites. As always, we are proud to endorse a bootleg-free Exhibitors Hall.

Thank you for your continued support of the anime industry, and for keeping NDK free of bootleg items.

THEFT POLICY

Stealing here is no different from stealing anywhere else: police will be called, charges will be pressed, and you

will sorely regret it. Also note, we have video cameras active throughout the Exhibitors Hall and by entering you agree to your image being recorded and waive all right to protest this image being used for evidentiary purposes.

If you are unsure where to pay for an item, DO NOT pick it up and wander around looking for a cashier. Find the cashier first, then show them the item you wish to pay for. Please keep your receipts with you and items purchased in their bags while in the Exhibitors Hall; showing your friend or a stranger the item you just bought should be done outside the Exhibitors Hall.

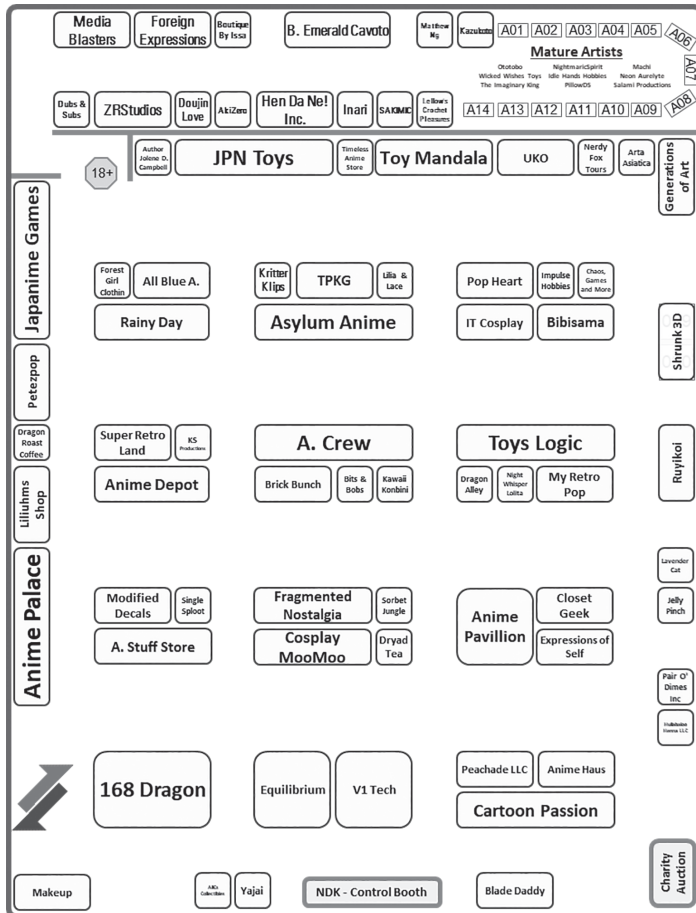

MATURE ITEMS PURCHASED

If mature items are purchased please remember that these must be in a non-transparent bag/container while walking throughout the convention as this is an all ages convention.

HALL HOURS

Friday: 3 pm – 8 pm
Saturday: 10 am – 7 pm
Sunday: 10 am – 4 pm

Benefactor badges are allowed to enter the Dealer's room 30 minutes prior to opening each day.
